

Dealer Application Form

We at Kazuri Beads USA are looking for qualified dealers to sell and represent this unique opportunity. The sale of these beads is important to all of us as the income helps employ more people in Kenya. This is a beautiful project to help disadvantaged families and train locals to be financially sustainable as well as provide a medical clinic for their village. It takes a special person to represent these beads.

We are looking for people who want to make a difference, are enthusiastic about this project, have a strong background in marketing and can be creative in selling this product in different venues.

Are you looking for a full time career: selling at all major trade shows in your area, selling to bead shops, trunk show presentations, servicing designers, maintaining a website, as well as finding many creative venues to market this product? If you feel you fit this description and are willing to make the financial investment in initial inventories and show booths, then please fill out this form and fax or email it. Investment ranges from \$10,000 - 20,000.00 according to state or states in which you are interested. You must be financially able to make an initial investment

Name

Address

Telephone

Fax

Email

What state or states are you interested in?

Current profession.

Would this be compatible with your current occupation, if so, explain ?

Short resume of past employment, experience, hobbies.(several lines
